Dheeraj Kashyap

Senior BI & Analytics Engineer | Microsoft Fabric · Power BI · Snowflake · Databricks

Bengaluru, India | +91 935-381-5616 | kash.dheeraj.yap@gmail.com | linkedin.com/in/kashyap-dheeraj | github.com/dheekash | the-data-guy-dheeraj-portfolio.vercel.app

SUMMARY

Senior BI & Analytics Engineer with 7+ years delivering enterprise analytics on Microsoft Fabric, Power BI, Snowflake, and Databricks. Experienced in lakehouse architecture, semantic modeling, DAX, and governed reporting, with proven gains in pipeline reliability (**12% to under 1%** failure rate) and refresh performance across **15 country markets**.

SKILLS

BI & Semantic Modeling	Power BI, DAX, Semantic Models, Star Schema, Dimensional Modeling (Kimball), RLS/OLS, Direct Lake, Incremental Refresh, IBCS
Data Engineering	SQL, Python, PySpark, ETL/ELT, Microsoft Fabric Lakehouse, OneLake, Dataflows Gen2, Snowflake, Databricks, Delta Lake, dbt, SQLMesh, Apache Airflow
Cloud & Data Platforms	Microsoft Fabric, Azure Data Factory, Azure Synapse, AWS, Deployment Pipelines
Engineering & Delivery	Data Governance, Medallion Architecture, SCD Type 2, Git, Azure DevOps, CI/CD, Agile/Scrum, Requirements Gathering, UAT, Stakeholder Management

EXPERIENCE

Senior Business Intelligence Developer

Aug 2026 to Present

DataStream IT Solutions Pvt Ltd | Remote

- Deliver Power BI and Microsoft Fabric solutions for **7 active client engagements** across North America, Europe, and APAC.
- Develop **12 Microsoft Fabric semantic models** (6 in production, 6 in UAT/staging) and deploy **8 medallion lakehouse pipelines** across bronze, silver, and gold layers.
- Run **18 requirements workshops** with **42 stakeholders across 7 clients**.
- Apply DAX standards and row-level security across **9 client workspaces** in 4 regions for consistent, governed reporting.
- Ship **7 production Power BI dashboards** (Fatigue Management, Override Usage Summary, Real-Time Head Count Monitoring, Audit, Procurement, Controller & Reader) covering compliance, vendor, and incident tracking.
- Deliver a Denied Access report using incremental refresh to track access-control exceptions in near real time, and manage work items in Azure DevOps across all **7 engagements**.

Business Analyst – BI & Analytics Delivery

Jan 2025 to Aug 2026

Amplify Analytix | Bengaluru

- **Improved pipeline throughput by 25%** and **lowered compute costs by 15%** against pre-migration baselines by implementing Microsoft Fabric medallion architecture, OneLake, Dataflows Gen2, partitioning, and incremental refresh.
- **Saved 15+ hours** of weekly manual reporting for client finance teams by building Power BI semantic models with 100+ DAX measures and automated variance commentary across 15 markets.
- **Cut dashboard build time by 40%** by standardizing SQLMesh transformation logic across finance, supply chain, and retail, with row- and object-level security enforced in all **15 markets**.
- Led requirements gathering, solution design, and UAT sign-off for **4 enterprise accounts** across **15 country markets** through stakeholder workshops and Agile ceremonies.

Career Break: Intensive Certification & Upskilling

Jul 2024 to Dec 2024

Professional Development | *Bengaluru*

- Earned the Microsoft Fabric Analytics Engineer Associate certification (DP-600) while completing MSc Data Science coursework at Deakin University.

Investigation Specialist – Analytics

Mar 2020 to Jun 2024

Amazon | *Bengaluru*

- **Drove 500+ weekly stakeholder views** and **reclaimed 6 hours** of weekly reporting with 8 Power BI dashboards tracking fraud KPIs and SLA compliance across 10 global marketplaces.
- **Shortened case resolution time by 35 minutes per analyst** by working alongside data scientists to build and validate fraud-detection models (Random Forest, Logistic Regression), contributing feature engineering and investigation expertise.
- **Enabled batch scoring for 10 marketplaces** and millions of daily transactions by partnering with data science and platform engineering to productionize fraud models on AWS.
- **Improved team reporting turnaround 25%** by mentoring 5 junior analysts on SQL optimization and dashboard standards.

Customer Service Associate

Mar 2019 to Mar 2020

Frontizo Business Services (An Amazon JV) | *Bengaluru*

- **Contributed to a 31% reduction** in Average Handling Time across 3 product lines through root cause analysis and redesigned resolution templates.

PROJECTS

Enterprise Lakehouse Migration | *The Mole Clinic (Amplify Analytix client), 2025*

TECH Microsoft Fabric, OneLake, Dataflows Gen2, Power BI

IMPACT Cut pipeline failure rate from 12% to under 1%; consolidated 6 source systems; saved 3 hours of daily reconciliation; brought incident resolution down from 4 hours to under 45 minutes.

Global Manufacturing Analytics Suite | *Rockwool (Amplify Analytix client), 2025*

TECH Snowflake, dbt, Power BI, Direct Lake

IMPACT Slashed report refresh time from 4 hours to 15 minutes; served 200+ factory-floor users; enabled SCD Type 2 historical auditability.

EMEA Sales Forecasting | *Stanley Black & Decker (Amplify Analytix client), 2026*

TECH Snowflake, Power BI, DAX, IBCS

IMPACT Identified $500K+ in revenue opportunities; unified 10M+ records across 10 markets; condensed executive reporting preparation time by 60%.

CERTIFICATIONS

Microsoft Fabric Analytics Engineer Associate (DP-600)	Microsoft	2024
Microsoft Fabric Data Engineer Associate (DP-700)	Microsoft	2025
Microsoft Power BI Data Analyst Associate (PL-300)	Microsoft	2021
Databricks Certified Data Engineer Associate	Databricks	2026
Snowflake SnowPro Associate: Platform	Snowflake	2026
Astronomer Certification: DAG Authoring for Apache Airflow 3	Astronomer	2026

EDUCATION

Master of Science in Data Science | Deakin University | 2022 to 2024

Bachelor of Engineering, Information Science and Engineering | REVA University | 2014 to 2018
